

Meeting 2

What makes our school special? What would we tell a visitor?

Pupils are all unique with a range of abilities. Some children thrive in some areas and are encouraged to do the same across school.

Our moto (believe and you can achieve), this makes children want to reach their dream. Not every child's dream is the same but this is encouraging us to reach it.

Everyone helps each other

We have a celebration assembly

TA's help children when they are finding things hard.

We play lots of games in our learning

Interventions help us to grow in confidence.

Our cook, Vicky is amazing!

We are just one big family!

We have a family picnic

Jane helps us a lot

We do lots of different subjects across school. Our curriculum is good

In Early years they learn through play and set expectations from a young age

teachers plan fun things

Trips- we have a good variety. When we talk to our friends and family their trips don't sound as good. Some trips are treats and some are educational.
