7.9.22

Dear parent/ carer,

Welcome back to a new school year!

The children came back to look looking extremely smart and ready to learn, we have missed them and are really glad to have them back. A very warm welcome to the new children who have joined the Crowle family this year.

School results and development plan

As we do each year, we have updated our development plan to show what key areas we will be looking at this academic year. The plan is a three year one which started in 2020 so we are working on the last year of this plan. Our developing excellence plan can be found in the [about us](#) section of the website.

A summary of our end of year test and teacher assessment results can also be found on our website. They are in the [statutory information](#) section.

Our vision and values

The whole staff spent the day in school on Monday discussing our vision and values and what we want for our school community moving forward. As a result of this we have updated our vision statement which is below and can also be found on our [website](#).

Our vision statement

When you walk into our school you feel the nurturing and happy atmosphere. You see that we care for our environment, it is safe and stimulating.

Step into a classroom to find teachers delivering inspirational lessons to independent learners who are confident in their own abilities and inquisitive to learn more.

Each child understands the learning journey they are on and the steps they need to take to get them there. They recognise that there will be some pits along the way but are resilient enough to keep going in order to reach their potential.

You find a building filled with a learning family who believe in themselves and know that when they do this they can achieve.

A school that places families, the community and their wellbeing at the heart of what we do.

You see that when the children are ready to leave us at the end of their primary school journey, they are prepared for the next stage of their education and for life in the modern world.

Our core values have been updated to include *unconditional positive regard*, this is very important to us and will help us in our drive to support the mental health and wellbeing of our whole school community.

Head boy and head girl

I am very much looking forward to working with our new head boy and head girl this year. As a result of our initial chat we have looked at the way we use our brag tags.

When a child achieves something to celebrate in school they are given a brag tag to wear for the day. All the adults who see them with their brag tag will ask them why they got it and celebrate their achievements. Our head boy would like parents to know that children have received a brag tag. Therefore, an email will be sent out to you if your child has received a brag tag that day. Please ask them why they got it and celebrate their achievements.
